Response Time

The Snow Angels will ensure that snow and ice are cleared away as quickly and as best as possible. On your first visit as a volunteer, ask the Resident to show which areas they would like to be kept clear and inform them that we will do our best to accommodate their needs. Once matched with a Resident, Snow Angels are expected to be able to clear snow / ice shortly after an accumulation (within approximately 24 hours). Please indicate which days or times you are NOT available to assist in the comment section below and we will arrange for another volunteer at that time.

Please stay tuned to weather updates via online, TV and radio. For example, if more than 1-2 centimetres of snow are expected overnight, you should be prepared to volunteer sometime before noon the next day.

Donations

Donations to the Snow Angels are greatly appreciated, if you would like to donate please contact the FCSS Coordinator at 780-864-3500 ext. 1.
